How High Are Sales Taxes in Your State?
Combined State and Average Local Sales Tax Rates, Jan. 1, 2017

Note: City, county and municipal rates vary. These rates are weighted by population to compute an average local tax rate. Three states levy mandatory, statewide, local add-on sales taxes at the state level: California (1%), Utah (1.25%) and Virginia (1%). We include these in their state sales tax. The sales taxes in Hawaii, New Mexico and South Dakota have broad bases that include many services. Due to data limitations, table does not include sales taxes in local resort areas in Montana. Salem County, NJ, is not subject to the statewide sales tax rate and collects a local rate of 3.475%. New Jersey’s average local score is represented as a negative.
