SATURDAY

1:00 – 3:00 PM

PROTEST

- HANDS OFF Federal Jobs
- HANDS OFF Personal Data
- HANDS OFF Public Services

March with federal unions, associations and your fellow workers to **protest the slashing of the Federal Workforce**, the **Programs** and **Agencies** they work for and the **Public Services** that are going to be lost..

NARFE, along with a **coalition of labor unions** representing over **two million workers**, filed suit in federal court and **blocked DOGE from accessing people's private data** at the Education Department, the Treasury Department and the Office of Personnel Management.

Together, we can fight this unprecedented attack on Federal employees and OUR government!

We **rally** to **challenge** the Trump Administration actions to:

- **Decimate** the federal workforce
- **Undermine** Congressionally-mandated government operations and programs
- **Eliminate** merit-based civil service protections

National Active & Retired Federal Employees Association (NARFE)
