

Posters are 24" x 36", in profile or landscape mode (36" x 24").

To print posters, download the one(s) you want onto a USB stick and take it to your favorite print shop. It may take a day or so. Good options are:

- Staples
- Kinkos
- Office Depot

Print the poster on good quality paper, mounted on foam core, and laminated. Lamination may not be necessary if you don't expect to use the poster again, but it doesn't add much more to the cost.

Cost per poster is around \$65 and can be paid with NARFE chapter funds.
