

WHAT TO KNOW ABOUT YOUR COVERAGE

We understand this time can raise questions and concerns, but you can always count on us for support.

Your FEHB, PSHB and FEDVIP benefit coverage is not affected by the shutdown. Blue Cross and Blue Shield continues to process and pay claims, and provide support online or by phone, just like always. Visit us for tools and resources to help manage your care, prescriptions and account during this time.

FEP guidance during the shutdown

Take these steps to stay on top of your care and coverage:

-  Continue getting the care you need and don't delay or cancel your health care appointments. You can also order and pick up your prescriptions as usual.
-  Contact your agency's HR department for information related to your employment status.
