

The Plague of Income Inequality “Communities Thrive When All Members Thrive”

September 6, 2025, 10:00 - 11:30 am
Niles Discovery Church
36600 Niles Blvd., Fremont

Dr. Anji Buckner-Capone, Associate Professor of Public Health at San José State University, will present research on the extreme disparities in our communities and the recently published, 6th Annual Silicon Valley Pain Index.

This publication details the expansive personal and community distress negatively impacting quality of life among residents. It is designed to equip advocates with data and inspire ACTION among those who want to be part of the change.
