

Michigan Federation Alzheimer's Update

The Michigan Federation did a wonderful job in Calendar Year 2025 with their very generous donations to Alzheimer's Research.

Total donations for Calendar year 2025 for the Michigan Federation was \$4,901.00. I have not received the December totals from Diana Chan, but the total should not change too much. I made two deposits in December 2025 and those are included in the above total. If anyone made an online donation in December 2025, I will not find out about that until I receive the spreadsheet from Diana. I will change my total accordingly if any other deposits were made that I am unaware of.

The Michigan Federation has done an exemplary job and you should all be very proud of your Chapters and your individual members.

For FY 26, which started on July 1, 2025, we have already donated \$3,724.00. We still have five more months in FY26 and eleven more months to build on our calendar year totals for 2026.

I also want to thank all the chapters that participated in the Walk to End Alzheimer's in 2025. We had five chapters do the "Walk" in 2025. The following Chapters participated in the 2025 Walk to End Alzheimer's: Warren, Chapter 1953, Livonia, Chapter 1163, Oscoda, Chapter 1955, Flint, Chapter 0285, and Lansing, Chapter 0289.

Some of the donations raised during the Walks went to the local community and some chapters opted to donate some or all of the raised money to NARFE Alzheimer's Research. The total of \$4,901.00 does contain some donations that were raised during the Walk.

Thank you everyone for your extreme generosity, not only with monetary donations but with your time and energy to help NARFE reach the goal of \$17 million by December 31, 2026. At the end of November 2025 the total accumulated donations from NARFE for Alzheimer's Research was \$16,792,154.66.

Respectfully.

Jocelyn Dillard
Michigan Federation
Alzheimer's Research Chairperson
