

Candidate Statement

In consideration of the present situation in the World and particularly within the US I will only be able to campaign via newsletters and emails.

I am a candidate for the NARFE Pennsylvania Federation District Vice President (DVP) office for Pennsylvania Congressional District 10. There are two candidates seeking this position; thus the election will require your vote to elect the DVP.

The only requirement for voting is to be a NARFE Member in good standing. Unlike in the past, the chapter does not cast your vote. You must do it yourself. Meeting attendance is not required.

Most of the chapter members know me very well. Thus, I will briefly reiterate my NARFE service.

1. I served the Carlisle chapter 373 as
 - a. Three 2 year terms as President
 - b. Two 2 year terms as 2nd VP
 - c. I have been Treasurer for three two year terms and still serve in this position
2. I served on the time and search committee for two Federation Conventions and
3. I was the Treasurer of the Federation Convention held at Gettysburg, Pa.
4. I served as Federation District 4 VP (nine Central Pennsylvania Chapters) for several terms. This position required my visiting each chapter two times per year for the purposes of direct communication and evaluation

To address both National Only and Chapter members my advocacy and legislative involvement is as follows:

1. I have attended the National Legislative Conferences (LEGcon) held in Washington, DC four times
 - a. Each conference included a trip to the "Hill" to meet with Pennsylvania Congressman; including Senator Arlen Specter and Representatives, Barletta and Scott Perry
 - b. The purpose of these direct meetings were to inform the Congressman of NARFE's position on current legislation and to encourage them to support NARFE
 - c. Many visits to Barletta's District Officer took place over the years
2. I have attended two National Conventions; Orlando, Fla. and Reno, Nevada

I have supported all the issues NARFE has been involved in during the past 30 years maintaining and sustaining the federal worker and federal retiree and I will keep doing so.

I have been a NARFE Member for 30 years. Experience counts.

The election, for this position will require each member residing in Congressional District 10 (Scott Perry's District) to cast a vote.

I request your support (vote) for this position.
