

As NARFE members, we are constantly reminded of the need to protect our earned benefits. One of the easiest ways to do this is by donating to the NARFE-PAC Fund. There are several levels of donations that you can make - from \$25.00 to \$250.00 - which would entitle you, as a member, to receive a PAC contributor pin. You can also sign up for the PAC Sustainer program, which for an amount as little as \$10.00 a month, entitles you to receive a Sustainer pin. You can use a credit card. A monthly charge to this credit card will be made on NARFE-PACs behalf. We are assured by NARFE Headquarters that our information will not be sold to anyone.

Let me assure you, your money will be used to fund NARFE legislative goals! From time to time, I am asked “How are our contributions dispersed and who decides who should get our PAC money?” A large portion of the money collected is contributed to the Republican and Democratic Parties at the National level. This money is used by the individual parties to help elect Republican and Democratic Congressional and Senatorial candidates. In addition, NARFE-PAC donates to individual candidates that have shown an interest in representing our goals, to protect the earned benefits of Active and Retired Federal Employees! Officers in the federation are called to ensure that we support these candidates before a donation is made to their campaign.
