

***Fergus Falls Chapter 1207  
Receives \$1000.00 Donation  
For Membership Recruitment***

*Carolyn Billing, District 6 Officer*

Larry Streif generously donated a \$1,000.00 to the Lake Region—Fergus Falls #1207 NARFE Chapter. His intent is that the money be used for membership recruitment. Larry has been a longtime supporter of dues withholding. For the retired federal employees recruited, it is suggested they join through dues withholding. In visiting with Larry, the money can be used to go toward membership dues for the new member and also an amount to the person that recruits the new member. A stipend to a current member could be considered for a current member that switches to dues withholding.

Larry will be 98 years young on November 9<sup>th</sup>. He has been an active NARFE member for almost thirty-eight years holding various chapter offices. Besides being supportive of dues withholding he has encouraged spousal membership. Larry is a World War II Veteran serving tours of duty in North Africa but primarily in Italy. His government service consisted of teaching as a Veterans Ag Instructor for the Farm Training Program for two and a half years, and working as a Conservationist with the USDA Soil and Water Conservation Service for twenty-seven and half years. He retired from federal service December 31, 1979.

To quote Larry: “I wish to say thank you to NARFE for their efforts to protect our retirement”.
